Bright Sparks Programs

Seven Sisters
The foundation of this program is a cross curricular perspective, addressing the areas of Literacy, Critical and Creative Thinking, ICT and Intercultural Understanding. Through Art and Literacy, primary students will work with Year 8 PCW Melbourne students in a program that will explore Aboriginal and Torres Strait Islander histories and culture.

STEM
*STEM (Science, Technology, Engineering and Mathematics)* teaches students computational thinking and focuses on real world applications of problem-solving in a challenging and rigorous manner. Students gain experience solving real-world problems in which there are many solutions and no one correct answer. Students will work with Year 9 PCW Melbourne students in developing a solution to a global issue in the area of sustainability.

Mini Inter-school Olympics
The focus of this Program is Health and Physical Education, where students will work with Year 10 PCW Melbourne students in a Sports Program, developing physical, personal and social capabilities.
